SPONSORSHIP PACKET

THE FATHERHOOD PROJECT

Is a free program that assists men in their efforts to become responsible, committed and nurturing fathers. As a result, the program helps dads strengthen their connection and involvement in the lives of their children.

The Need

According to the Ohio Commission on Fatherhood, children in father-absent homes are:

- Five times more likely to live in poverty
- Three times more likely to fail in school and/or commit suicide
- Two times more likely to develop behavioral problems, abuse drugs, be abused or neglected and/or involved in crime

Children with involved fathers have:

- Better cognitive outcomes, even as infants
- Higher self-esteem and less depression as teenagers
- Higher academic achievement
- Lower levels of drug and alcohol use
- Higher levels of empathy and pro-social behavior
- Fewer problems with the judicial system
