## **Talbert House Receives \$100K for Fatherhood Research**

*Fatherhood Research and Practice Network announces awarded projects*

CINCINNATI— On July 7, the Fatherhood Research and Practice Network (FRPN) announced five recipients of its second group of funded projects. Talbert House topped the list with an award of \$100,000.

Led by Dr. Sarah Whitton, Dr. Kimberly Sperber, and Mr. Harold Howard, Talbert House will use the granted money to explore a randomized controlled trial of an enhanced co-parenting program compared with a standard co-parenting program targeting mothers and fathers enrolled in the Fatherhood Project. Talbert House is one of the city's leading advocates for promoting fatherhood. The Fatherhood Project assists men in their efforts to become responsible, committed and nurturing fathers.

All five projects awarded by FRPN are led by researcher/practitioner teams and involve the collection of data from program participants and/or staff at pre- and post-program time points to assess changes in father-child relationships and/or co-parenting. For the full list of FRPN's awarded projects, visit [www.frpn.org/about/request-for-proposals](http://www.frpn.org/about/request-for-proposals).

###

*Talbert House is a community-wide nonprofit that operates within five service lines: Adult Behavioral Health, Community Care, Court and Corrections, Housing, and Youth Behavioral Health. Children, adults and families benefit from these proven services. Each year, Talbert House serves over 37,500 clients face to face and an additional 28,000 are reached through prevention services throughout Greater Cincinnati. Talbert House's mission has two basic purposes: to improve social behavior and enhance personal recovery and growth.*
