Dr. Sharon Stanford Leads as Medical Director

Talbert House psychiatrist to oversee agency medical services

CINCINNATI— Talbert House is pleased to announce Sharon Stanford, M.D. as the agency’s medical director overseeing all agency medical services.

Dr. Stanford has been with Talbert House since 2011 serving as a psychiatrist for behavioral health services in Walnut Hills. She is dual board certified in psychiatry/neurology and in family medicine, a critical scope of practice given the agency’s strong commitment to the integration of behavioral and primary care. She has a Bachelor’s degree in mechanical engineering from Brigham Young and completed her medical degree and post doctoral training at the University of Cincinnati.

“We are very fortunate to have Dr. Stanford join our leadership team,” says Neil Tilow, President and CEO. “She is passionate about her work and will continue to see clients at Walnut Hills as well as provide medical direction and leadership to the organization. Dr. Stanford brings a winning combination of intelligence and caring to this role.”

####

Talbert House is a community-wide nonprofit that operates within five service lines: Adult Behavioral Health, Community Care, Court and Corrections, Housing, and Youth Behavioral Health. Children, adults and families benefit from these proven services. Each year, Talbert House serves almost 36,000 clients face to face and an additional 34,000 are reached through prevention services throughout Greater Cincinnati. The Talbert House mission has two basic purposes: to improve social behavior and enhance personal recovery and growth.
