PROGRAM EXPECTATIONS

- Attendance and punctuality for all program activities
- Compliance with program rules
- Completion of all required assignments/tasks
- Demonstrated effort in all areas
- Pro-social choices reflected in all areas of the program
- Respectful attitude and behavior

Consistently meeting these expectations will require commitment from the resident. Real change takes time and effort, trial and error. Our staff is here to assist and support residents through this intense process.

Each resident will be assigned a case manager and a group facilitator. Various assessments will be completed to determine his individual needs. His needs will determine what components of the program he participates in. The program will provide education and treatment groups to assist the residents in replacing their negative/criminal thinking with positive/pro-social thinking. Some residents will attend more groups than others based on their individual risk for reoffending and overall needs. The specialized treatment groups are as follows:

Treatment Groups

- Core Group
- Substance Use
- Nurturing Fathers Class
- Anger Management
- Domestic Violence
- Sex Offender

EDUCATION

Our education department serves students with needs ranging from non-readers to college readiness skills. These classes are split into three levels.

- The ABE class focuses on skills from non-reader up through the 6th grade level.
- The Pre-G.E.D. class focuses on skills that are equivalent to the 7th-9th Grade Levels.
- The G.E.D. class focuses on high school level areas and preparing students for the G.E.D. Test.

EMPLOYMENT

Employment is a priority at CCC. Each resident will receive education in the areas of job search, job search tools, resumes/references, cover letters, sample applications, interviewing and role play. At the end of the program, residents with the assistance of an employment specialist will job seek in their home community or all other counties. They are able to start work upon successful completion of the program. CCC is not a work release program.

FINANCIAL RESPONSIBILITIES

There is a reception fee to assist in covering certain expenses. If a resident is unable to pay the reception fee, the resident will be considered indigent status. Paying the reception fee will allow the resident access to the phone and messaging device but will need to add additional funds to activate both accounts and will need to continue to add funds as they use them. If a resident decides to change their status from indigent to non-indigent, they will follow the same procedure by paying the reception fee. A resident can only pay \$25 for a radio whether they are indigent or not.

Residents will receive an initial medical exam as part of the intake process. Medical staff will be available on-site during scheduled times which are posted near the medical room. After the initial intake screening, all future visits to the medical staff will require a \$10 co-pay and any medications will require a \$10 co-pay for each occurrence. All medical charges will be billed to the person (payer) designated by the resident on their fee agreement. The fee is non-refundable.

All fees are due in full prior to successful discharge. Money orders or exact cash only will be accepted, only during regular business hours: Monday through Friday, 8:00 AM to 5:00 PM.

All medical expenses incurred outside of CCC are the resident's responsibility. All invoices for outside medical services will be billed to the resident's home address.

CCC does not allow drop off of any kind, this includes clothing, shoes, etc.

MAIL

Residents may receive mail daily. Incoming mail will be processed by staff and distributed to the residents at designated times. Mail is checked for contraband. Mail will not be withheld as a sanction, but all contraband found in mail will be confiscated and/or destroyed. When based on legitimate facility policy, mail may be read and/or rejected before the resident receives it. Sexually explicit photographs or those reflecting or promoting anti-social values and/or drugs and alcohol will not be permitted. Residents are not allowed to receive mail from other inmates in correctional facilities. Cash, money orders and/or personal checks may not be sent to residents. There are commissary and phone kiosk machines in the lobby.

Violation of any aspect of this policy will result in you being asked to leave the facility and being barred from any future visits. Family behavior may jeopardize the resident's visitation privileges in the future.

If the facility is on lockdown due to security issues, all visits will be cancelled. This may happen without notice. If there are questions regarding visitation, please contact the administrative office between the hours of 9:00 AM and 5:00 PM Monday through Friday at (513) 933-9304.
